HONOR ROLL
YEARS
ON THE LIST

Dr. Tirpack | 9

Edward M. Tirpack, DMD

• General Dentistry

Dr. Edward Tirpack is celebrating his 41st year of practice, and he and his expert team at Sparta Dental Designs continue to be recognized for their skills, superior customer service, and community involvement. At his state-of-the-art office, the nine-time *New Jersey Monthly* Top Dentist offers cosmetic dentistry, facial aesthetics, and orthodontics, along with general and preventative dental services. This doctor is an Invisalign® Silver Provider. Dr. Tirpack utilizes digital X-rays, dental lasers, an iTero® scanner, and other modern technologies to provide the best treatment options for the entire family. He and his team also remain committed to continuing education to stay abreast of the latest dental techniques.

Dr. Gilbert Tapia also serves patients at this busy practice, where evening and Saturday appointments are especially appreciated by commuter families. Dr. Tirpack says, “My

associate and I are always learning from each other, and that helps to refresh our growing practice and keep us all on our toes.” For patients and employers without dental insurance, an in-house, discount payment plan is available.

Dr. Tirpack is an attending physician and teaches dental residents at Morristown Medical Center. He is speaker of the house for the New Jersey Dental Association and a charter member of the Dental Chapter of the American Institute of Parliamentarians.

“I enjoy giving back to Sparta and Sussex County, where I work and live,” says Dr. Tirpack. He serves on the board of the Karen Ann Quinlan Hospice in Newton. He is also an active member of his church community and a fourth-degree member of the Knights of Columbus.
